Apprenticeships!
The advantages for your organisation are enormous. Here’s why:

- Full funding could be available to support apprenticeship programmes within your business (you will still have to pay the apprentice’s wages).
- Apprenticeships are a tried and trusted way to recruit new staff, or re-train and upskill existing staff.
- They help you tackle skills shortages in your organisation and tackle needs in your community.
- Learning can often be done in your workplace at a time that suits you. Meaning minimal disruption and maximum impact.
- They are a great way of attracting people with fresh new ideas.
- They can be tailored to specific job roles making them flexible to the needs of your organisation.
