

STREETGAMES HULL

EASTER HAF FESTIVAL

During the 2022 Easter holidays, StreetGames delivered a multi-sport festival in partnership with local community organisations at the University of Hull. This was part of the Healthy Holidays programme funded by the Department of Education and Hull City Council.

The event was organised and delivered by twelve StreetGames young advisors, and offered participants the chance to try a broad range of activities, including badminton, dance and futsal. Healthy Holidays funding also enabled each young person and leader to enjoy a healthy hot lunch as part of the day.

The multi-sport approach received excellent feedback from participants, with young people commenting that they loved trying sports that they had never had the chance to experience before, such as squash and boxing. Having local community organisations delivering these activities also ensured that progression routes were available for any young person who wanted to pursue the sport after this taster session. The provision of a hot meal was also well received by attendees.

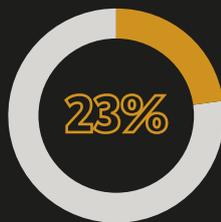

The finale of the festival was a fantastic performance by the dance group, who had been working hard all day to learn and master a new routine, followed by a celebratory awards ceremony led by the young leaders.

My role was head of social media and I spent the day documenting the activities. I really enjoyed taking part in the festival and hope to get involved with more StreetGames activities in the future.

Young Advisor

We've had a great time playing lots of different sports like futsal, ping pong and boxing, lunch time was brilliant of course

Young Person

My son had a great time today, he can't wait to come again and he said the dinner was lovely

Parent

This is our first StreetGames event, our young people have had a fantastic time trying different sports and making new friends from all over Hull. It was very well organised and we were able to meet new people from different organisations which is always great for us
